The Leading Online Resource for NDC / SCF Drop Shipping

Powered by Direct Logistics

Direct Logistics, Inc. (DLI) is a 22-year old 3rd-party logistics company specializing in service and technology solutions for destination entry NDC / SCF drop shipping within the direct mail industry. DLI also provides discounted shipping logistics solutions for non-mail, paper based products including printed material and raw print stock – all backed by 99.6% on-time delivery performance, and a customer service team with over 100 years combined experience in NDC / SCF drop shipping!

Based in the heart of the Dallas / Fort Worth metroplex, DLI coordinates postal drop shipments from any mailing or production facility in the continental United States to all USPS National Distribution Centers (NDC) and Sectional Center Facilities (SCF) nationwide. Transportation services include Less-Than-Truckload (LTL), Consolidated Truckload (TL), Dedicated Truckload, and Expedited (air freight) logistics.

For printer / mailers, marketing agencies, consulting firms, mail owners, and political mailers, Direct Logistics is unmatched in terms of technology solutions, industry expertise, and experienced staff. Have questions? Call us – we have the answers!

**TruckDirectMail.com - Your online NDC / SCF drop-shipping solution!**

Truck Direct Mail (TDM) is a comprehensive web-based resource for less than truckload (LTL) freight shipments, and DLI's leading SaaS (software as a service) solution. This intuitive website leverages the web to simplify order entry, quote generation, tendering, and tracking for palletized mail being shipped to USPS destination entry facilities nationwide.

**Coming Soon: The New TruckDirectMail v2.0!**

In the fall of 2016, Direct Logistics will launch a completely new version of the TruckDirectMail.com website. The new site has been rewritten and redesigned from the ground-up with a wealth of new features and functions – including job creation directly from mail.dat uploads. Combined with the fresh, attractive user interface, and advanced API connectivity options, the new TDM v2.0 makes LTL postal drop shipping faster and easier than ever before.

For official TDM v2.0 launch information, please visit [www.DirectLogistics.com](http://www.DirectLogistics.com) and see the new TDM section. Simply complete the short notification form (name and email) and we'll send you updates on the new site launch, and a very special offer for you to try the new TDM v2.0!
